TAFT JOINS IN THE PLOT.

President Taft's message to congress yesterday was not unexpected. There have been rumors from time to time that such a message might be expected whenever it became apparent to the reactionaries in congress that an income tax bill would be passed in the senate. This time seems to have arrived and the message was forthcoming. It was simply another attempt to put off the income tax to an indefinite date, and it is asserted that Aldrich had much to do with its planning.

The Democratic minority in the senate, joined with the so-called progressive Republicans can control that body and can force through an income tax bill. This is conceded, and during the last few days it became certain that an agreement had been formed for that purpose. Hence the Taft message.

Friday, of this week, was the day set for the consideration and a vote on the income tax measure. Aldrich saw that it would probably be carried. His visits to the White House have been frequent and long this week. Undoubtedly he consulted with Taft as to the means to be adopted to defeat the measure. Taft has pledged himself to the income tax. He could hardly come out openly and oppose

Prescription Druggists.

Aldrich is the whole thing with the present administration. It's a merry game. Step up, gentlemen, and guess which shell hides the little bean.

In his speeches, before election, no after, Taft said an income tax bill could be drawn to be constitutional and yet be effective. He seems to have changed his mind, since election, not before.

Glad He Escaped With His Skin.

That New Mexico still has editors who can handle English in true old-fashioned picturesque Western Arizona Kicker style, is apparent from the following left handed by editor C. W. Hubbard, dealt out to the Cimarron Citizen, which had stepped on the toes of the publisher of the Des Moines Swastika and who retaliates as follows:

"Some of our exchanges who have been patting themselves on the back and telling their readers what great and Godlike boosters they are, have been sorely troubled about the Swastika's recent editorial in defense of the knocker. The Cimarron Citizen last week swelled up like a poisoned pup and referred to our editorial as 'vill'."

"The editor of the Cimarron Citizen may call this drivel if he likes, but in so doing he merely confirms our previous opinion of him. An editor who has no higher conception of the moral obligations of his calling than to boost prize fights in his home town might very profitably take a few lessons in knocking from the lives

"1892" Pure Aluminum Ware

Will Not Rust, Crack,

Break, Scorch or Burn

Cheapest Because Best

Will Last a Lifetime

HERE, at last, is the ideal kitchen and cooking utensil—"THE WARE THAT WEARS"—made from Pure Spun Aluminum, and guaranteed by the makers to last 25 years with average usage. "Spun" Aluminum, mind you, not cast Aluminum, which will sometimes crack and scale. Spun Aluminum Ware will never crack, peel, scale or break.

Costs a trifle more than ordinary enamel ware, but is many times cheaper in the long run, because of its wonderful durability and fuel saving. Enamel ware is iron coated with colored glass. Iron expands with heat. Colored glass does not, but chips off into the food with dangerous results to those who eat it.

That the use of enamel kitchen ware causes cancer is a view held by some eminent medical authorities. Dr. William H. Diefenbach of New York, in a paper entitled "Observations on the Etiology of Cancer," read before the Bureau of Sanitary Science and Public Health during the session of the International Homeopathic Congress at Atlantic City, discussed this subject.

According to a special dispatch to the Philadelphia North American, Dr. Diefenbach advanced the argument that chipping

of the hard-coated dishes used in preparation of meals allowed minute but dangerous particles of foreign matter to become mixed with the food, these being taken into the stomach, where the cancerous growth is caused by abrasions which they make in the walls of the organ.

"1892" Pure Aluminum Ware saves doctors' bills. It enables you to bake bread, pies, pan cakes, etc., without grease, which is the great cause of dyspepsia and indigestion. Aluminum griddles require no grease; hence are smokeless and odorless.

"1892" Pure Aluminum Ware will not scorch or burn, is easily cleaned, will not rust, or corrode. Handsome in appearance. Looks like silver, but weighs only about one-fourth as much, and is light and convenient to handle.

The original and only genuine Spun Aluminum Ware is made by the Illinois Pure Aluminum Co. at Lemont, Ill. Every piece bearing their trade-mark, the Maltese Cross, and marked "1892" Pure Aluminum Ware is absolutely pure, wholesome and hygienic, and guaranteed for 25 years.

See that you get the right goods and accept no substitute.

Only a few of the "1892" Pure Aluminum Cooking Utensils are shown here. Complete line will be found at

Harry Morrison

the bill. The best way to kill it would be to defer it to the future and trust to fate. A constitutional amendment. It would require years of time and effort and perhaps fall then. Hence the message.

A tax on corporations sounds nice to the people. One can be fixed up to mean but little and it will soothe the people and perhaps draw their attention from the income tax measure. Put a two per cent tax on the net income of corporations, excepting certain ones, and no harm will be done to the friendly, campaign-contributing corporations. Its a nice scheme.

The whole question now is: Will the Democrats and the Republicans with progressive tendencies lay down and let the steam roller peacefully jog over them? If so the country may expect no income tax law for many moons to come, and the corporation tax will bother no one. It is a simple matter for corporations to have no income and yet make money. That's why the tax is to be placed on income not not on the gross receipts.

Teddy was shrewd. He knew how to kick up a great fuss and yet his friends, the contributing corporations came to little harm. Aldrich is just as smooth, if not a little more so, and

of the persons mentioned above.

"Boosting is all right when applied to some worthy cause, and knocking is equally commendable in dealing with hypocrisy, immorality and crime.

"The fat headed, leather lunged boosters, who boost prize fights, prostitution, intemperance, corrupt politicians, gambling halls and kindred evils may well raise their hands in horror and their voices in condemnation of the knocker. All that vice ever asked of anyone was to be left alone."

—New Mexican.

The situation in the Hawaiian Islands brings the United States once more face to face with the Japanese problem. These Islands have been literally overrun by Japanese coolies, until they form by far the larger proportion of the total population. They have become dissatisfied with conditions there, and have undertaken to change them to suit their own ideas. This leaves but one thing for Americans to do, force the Japanese to quit the country or conform to American methods and ideas. Wherever the Japanese gain a foothold, they inaugurate a policy of wreck or rule. They are shrewd and intelligent, but, as a race absolutely unscrupulous and with out political or business honor of any description. America has enough race problems of its own without permitting the Japanese to thrust another upon her. This question will be decided sooner or later, maybe by force of arms, but hordes of unscrupulous and

treacherous yellow men should never be allowed to come into this country in any great numbers. The less we have to meet the Japanese personally, the better it will be for us. Better a dozen Chinamen than one Jap.

There will be an eclipse of the sun just before sunset this evening. Roswell people will not see much of it for here the eclipse will be but a slight one.

It is asserted that Sena or Bailey has accumulated a fortune of more than a million and some people are unkind enough to ask where he got it.

Clevis Couple Married Here. J. C. Wolf and Miss Eva Holm, both of Clevis came to Roswell last night and were married at the South-

NEW CAPITAN HOTEL WILL BE FOUR STORIES.

While there is more delay than anticipated in starting the New Capitan hotel, R. L. Miller, the proprietor is going ahead with his plans and will have the work started soon. The plans have been changed since last mention was made of them in the Record and instead of a three story hotel, it will be four stories high. Mr. Rock the contractor and builder, will be in charge of the work. He hopes to start the work soon.

Said Mr. Rock to a Record reporter today: "While there is seemingly less building this summer than last in Roswell, the fact is, more money will be spent this year than in many years. More cottages were put up last year, but it takes a great many cottages to make as much work and as great an expenditure as one building such as the Miller building, the Masonic temple, or any of the many big structures that are to go up here this summer. The indications are that there will be all the work the carpenters and builders can handle for many months."

John J. Neal Adjudged Insane.

John J. Neal, who was given a hearing in district court yesterday, was adjudged insane by Judge Wm. H. Pope today and ordered sent to the territorial asylum at Las Vegas. He will be taken tomorrow morning. Court was occupied today with a continuation of the trial of the case of Dodson against the Eastern Railway of New Mexico, \$10,000 damages for the loss of a foot in an accident at Boaz two years ago.

lone, at their home at the corner of Eighth street and Richardson avenue last night, with an apoc, handkerchief, tie and sock shower. The crowd called in a party and upon entering the front door, pelted the host and hostess with the bundles containing the gifts of the evening. The young people spent the evening playing "hearts" and Mrs. Malone won the ladies' prize, a dust cap and H. M. Dow the gentlemen's a box of linen handkerchiefs, which he presented to Mr. Malone. The whole crowd went to Kipling's for refreshments. In the party were Misses Ruby Saunders, Marie and Maud Lewis, Nell and Kate Bean and Margaret Hinson. Messrs. Will Lewis, Hugh Morrow, Stanley Humege, Ernest Malone, H. M. Dow and J. M. O'Brien.

Miss Lois Nisbet returned last night from Jacksonville, Ill., where she has been since September attending the Illinois Woman's College. She was accompanied from Kansas City by Miss Carrie Smith, daughter of L. R.

Smith, who will visit the Misses Nisbet the greater part of the summer.
